WASHINGTON (AP) — The Army today rebuked Maj. Gen. Edwin A. Walker for labeling as pinks or Communists former President Harry S. Truman, other leading Democrats, and segments of the U.S. press and radio-TV industries.

Announcing findings of an investigation ordered by President Kennedy, the Army said the 24th Infantry Division's troop information program put into effect by Walker "was not attributable to any program of the John Birch Society."

Charges that Walker had subjected troops of his command in Europe to propaganda from the militantly conservative society touched off the inquiry.

Along with rebuking Walker, the Army canceled his pending assignment to command the 8th Corps at Austin, Tex., and ordered him to remain in his present post "pending eventual reassignment within the United States."

Secretary of the Army Elvin J. Stahr Jr. announced "the admonishment" of Walker for "taking injudicious actions and for making derogatory public statements about prominent Americans while in command of the 24th Infantry Division in Germany."

The Army said the admonition was administered to Walker by Gen. Bruce C. Clarke, commander in chief of Army forces in Europe.

The investigation stemmed from charges published by the Overseas Weekly, a privately owned tabloid newspaper widely read by U.S. servicemen in Europe.

The paper said that Walker used the 24th Division's troop information program to subject his troops to propaganda of the Birch Society.

It also said that he told an American PTA meeting in Augsburg that Truman, Eleanor Roosevelt, and former Secretary of State Dean Acheson were "definitely pink."

In the same speech, the paper said, the 51-year-old general said 60 per cent of the American press and radio-TV industry are Communists. And it alleged he described as "confirmed Communists" Edward R. Murrow, now director of the U.S. Information Agency, and columnist Walter

## Dozen More Freedom Riders Jailed

JACKSON, Miss. (AP) — A dozen more "Freedom Riders" go on trial in Municipal Court this afternoon following weekend riders in to Mississippi's capital city to test interstate travel facilities.

It convicted on breach of the peace charges, as were 98 earlier arrivals, they will join 84 riders in segregated cells in Hinds County and City Jail.

The routine is expected to continue this week. A leader of the Congress of Racial Equality has promised at least 50 more freedom riders for Jackson within a week.

Marvin Rich of New York, a community relations director for CORE, told a cheering audience of about 800 whites and Negroes in Washington:

"We mean to end segregation in interstate travel, by bus, by train, (and) by plane, this year."

During the same rally, James Carey, president of the International Union of Electrical Workers, blamed "big business and big industry" for supporting discriminatory practices against Negroes and against labor.

## Education Board Revises Budget

HOOT SPRINGS, Ark. (AP) — The State Board of Education today revised its budget upward to incorporate an expected \$7 million increase rather than the \$6 million anticipated several months ago.

The new figure is still \$3 million shy of the 1 million appropriation by the Legislature. It is not uncommon for available funds not to reach appropriation levels.

The budget could be increased again later if tax collections justify.

The 1961 Legislature increased the former budget by \$1 million to \$54.5 million. The tentative cut was made to be certain that revenues would be sufficient.

Education Commissioner A. W. Ford said budget director Julian Hogan advised him last Friday that the rate of collections permitted the 1 million increase.

Ford also announced that the board had approved a \$3 million budget for rehabilitation services, including the rehabilitation center here. Seventy per cent of the total will be from federal funds.

The board met at the rehabilitation center.

Five traffic deaths — four in one accident — on Saturday swelled the Arkansas violent death toll for the week ending Sunday midnight to 13.

Altogether there were seven traffic victims, including Terry Jean Pierce, 6, of near Jonesboro who died Saturday of injuries suffered when she was struck by a car as she ran across a highway near her home Thursday.

Two died in tractor accidents, one in a plane crash, two drowned and one person was fatally shot in an accident.

The four deaths occurred in a two-car collision on state Highway 90 about five miles east of Reclor. Seven other persons were injured.

The victims were Mrs. Ethel Lewis, 31, of Berkeley, Mo., Carissa Vardell, 7, a passenger in Mrs. Lewis' car, and both occupants of the other car, Travis Bateman, 19, and his sister, Veta Lou, 15, both of Reclor.

## Welfare May Have to Pay Some Bonds

LITTLE ROCK (AP) — An opponent of Gov. Orval E. Faubus' bond plan declared today that money for repayment might come from welfare clients.

Rep. J.H. Cottrell of Pulaski County, who successfully challenged the companion omnibus bill in the courts, said that if school money wasn't used, then principal and interest on the proposed \$60 million issue would have to be paid from money which otherwise would be spent in welfare grants.

"The proponents of this deal," Cottrell said in a statement, "are making assurances all over the state that no money is going to be taken from educational funds to pay off these bonds."

"If this is true, then the lion's share of the cost of these bonds will have to come from grants to welfare clients."

"Not only if the welfare clients lose the state funds but also they will lose federal matching funds."

"If no educational funds are taken, then benefits to each aged welfare client will have to be reduced by \$10 a year or state taxes will have to be increased proportionately."

## Okay Given to A-Energy Construction

WASHINGTON (AP) — The Supreme Court today upheld the Atomic Energy Commission's approval of construction of an atomic energy plant.

Justice Brennan delivered the 7-2 decision. Justice Douglas dissented, issuing an opinion in which Justice Black joined.

The commission granted a permit to Power Reactor Development Co. to build a fast neutron breeder-type reactor about midway between Detroit, Mich., and Toledo, Ohio. But the U.S. Court of Appeals said commission findings that the plant could be operated without undue risk to the public were inadequate.

Power Reactor Development Co. and the commission appealed to the high tribunal to overturn the lower court and uphold the permit. Solicitor General Archibald Cox argued that the commission had followed the law and its own regulations properly in granting the permit.

Commission licensing procedures, said Cox, provide a step-by-step review of safety factors and do not permit actual operation of a plant until all safety questions are answered satisfactorily.

## Conviction of Scientist Reversed

WASHINGTON (AP) — The Supreme Court today overturned the contempt conviction of Bernard Deutch, a nuclear scientist who refused to answer some questions of the House Committee on Un-American Activities.

Deutch, who resides in Springfield, Pa., told the committee he had been a Communist party member while attending Cornell University. He refused to identify others said to have been engaged in party activities.

Justice Stewart deliberated the 5-4 decision. Justice Harlan wrote a dissenting opinion in which Justice Frankfurter joined. Justice Whitaker also wrote a dissent in which Justice Clark joined.

Stewart's majority opinion said the government failed to prove that questions Deutch refused to answer were pertinent to the question then under inquiry.

## West Returns to Shaky Talks on Laos Peace

By LOYAL GOULD

GENEVA (AP) — A minor concession from the Soviet Union brought Western nations back to the 14-nation conference on Laos today but Thailand's delegate walked out and announced later he would not return until the matter of seating Laotian factions is rearranged to Thai satisfaction.

"We cannot sit while the conference is discussing substantive matters, until the question of seating Laos is settled," said a spokesman for the Thai Foreign Ministry.

Ambassador Direk Jayanama, the Thai delegates took a walk after declaring that if such a non-governmental group as the Communist-led Pathet Lao can sit at the conference table then other political factions also should be seated, such as antigovernment groups in Vientiane.

The proposal first was presented when the conference opened but no action was taken on the point then. The Thai ideas is that if nongovernmental groups leaning to the left are seated, there should be an evening up by seating nongovernmental groups from Vientiane, either for or against the royal government, but presumably pro-Western.

Jayanama was gavelled to order several times by British Foreign Secretary Lord Home and drew fire from Soviet Foreign Minister Andrei A. Gromyko after his presentation today. But U.S. Ambassador W. Averell Harriman supported the Thai delegate and said he thought the point raised should be discussed soon.

The International Control Commission also reported it had appealed to the rival factions in Laos to get truce teams to the scene of reported fighting. The pro-Communist rebels previously had refused, but one report said a team now would be allowed to visit Padong, which Pathet Lao troops took from the royal government's forces Wednesday.

## Father of 6 Shot to Death

PINE BLUFF, Ark. (AP) — Army Sgt. Paul Parsley, 37 year-old father of six children, was shot to death after a night club party for his wife early Sunday.

Floyd Burhart, 35, Parsley's brother-in-law, surrendered at police headquarters shortly afterward, and was held today without formal charge. Police Chief Norman Young reported.

Young said the shooting took place as Parsley, Burhart, who is a former Pine Bluff policeman, and their wives were returning from the night club, where they had celebrated Mrs. Parsley's birthday.

Mrs. Parsley told police that Burhart began hitting his wife shortly after they left the club. Mrs. Burhart, who was driving, stopped the car and fled. Mrs. Parsley also left the car.

Mrs. Parsley said she heard a shot and saw her husband stagger from the car and fall. After warning her to stay away, she said Burhart got in the car and drove off.

# 3-State Delegation Asks More Funds to Speed River Projects

## States Seek More Flood Control Cash

By GORDON BROWN

WASHINGTON (AP) — A seven-state delegation, today asked Congress to provide a total of \$82,900,000 for flood control work on the lower Mississippi River and its tributaries for the coming year.

This would represent an increase of nearly \$11 million over the president's budget recommendations.

The delegation included nearly 100 representatives from Kentucky, Illinois, Missouri, Tennessee, Arkansas, Mississippi and Louisiana.

Chief spokesman for the group which appeared before a House appropriations Subcommittee was Peyton Berbling of Cairo, Ill.

Berbling said the association is requesting a \$4 million hike in budget requests for bank stabilization because recent high water in the Mississippi showed considerable levee seepage, with the result that large acreages have been rendered unusable.

The association's requests for the various projects involved, together with comparable budget bureau recommendations (in parentheses), include:

Mississippi river levees \$4 million (2.5 million); bank stabilization \$27 million (23 million).

Arkansas—Lower White river \$530,000 (same); White River back water \$550,000 (same); St. Francis Basin, Ark., and Mo., 5,000,000 (\$4,635,000); Texas Basin, Ark., and La., 2,500,000 (\$1,325,000).

## State Could Get Airport Money

WASHINGTON (AP) — Arkansas would get approximately \$607,329 annually if Congress approves President Kennedy's request for a five year extension of the Federal Airport Act. A Senate committee will begin hearings on the matter this week. Kennedy has asked \$75 million in each of the five years. The money would be used for grants to state and municipal agencies for constructing and modernizing airports.

AT THE STATE POULTRY Festival this past weekend Hope was awarded a trophy for having the best district festival. The trophy is shown by James Morrow, chairman of this year's event. Special recognition was paid to the following who helped with the show: B&PW, Hempstead Council of HD Clubs, Junior Auxiliary, Jaycees, Jayettes, Lions, Kiwanis, Rotary, Chamber of Commerce, Farm Bureau, Production Credit Corp., Federation of Garden Clubs. If Hope wins the trophy three times it will be kept here permanently.

## Man Wanted in Arkansas Is Captured

DeWITT, Ark. (AP) — A man who may be the one who fled from a Gillett bank with an unsigned cashier's check for \$27,000 last week has been arrested in Kansas City, authorities were told today.

Stanton Palmer Snyder, 49, was arrested at his home Sunday by FBI agents and officers of the Kansas Highway Patrol.

FBI agents said he was charged with cashing a forged cashier's check at Newville, Pa., Feb. 27 and with interstate transportation of a stolen automobile.

At the time of his arrest, agents said, Snyder had in his possession fictitious cashier's checks totaling \$164,000.

A man fled with a cashier's check from the De Witt Bank & Trust Co. teller's window at Gillett last Tuesday.

Bank president R. H. Maddox said the man represented himself as an oat buyer and presented a cashier's check for \$42,800.

The man asked a woman teller to deposit some of the money and make him a cashier's check for \$27,000.

When the teller called the main office for approval, the man grabbed the two checks and fled.

## Yale Honors New Orleans Judge

NEW HAVEN, Conn. (AP) — U.S. District Judge J. Skelly Wright of New Orleans was honored by Yale University today with an honorary doctor of laws degree.

Referring to his role in the New Orleans integration controversy, the citation praised Wright for performing "the most difficult of all tasks a judge must perform: to school the people in the law, when this requires a change in their prevailing customs. With lonely courage you have done your duty under circumstances of great difficulty."

## Group Asks \$4 Million to Start Millwood Dam

WASHINGTON (AP) — An Arkansas-Oklahoma-Kansas delegation today called on Congress to continue adequate appropriations for flood control and navigation projects in the Arkansas River valley in the three states.

The delegation appeared before a House Appropriations Subcommittee and repeats its testimony later to a similar Senate group.

The Arkansas spokesman was John A. Riggs Jr., of Little Rock.

Generally, the group supported the budget recommendations of President Kennedy.

Riggs pointed to big benefits already realized from water development projects and asked approval of budgeted items for Arkansas including \$1,225,000 for navigation locks and dams below Little Rock; \$125,000 planning funds for Ozark Dam; \$15,000,000 for bank stabilization work; and \$9,000,000 for continuing construction on Dardanelle lock and dam.

WASHINGTON (AP) — A big Texas - Louisiana - Arkansas delegation today asked a House Appropriations Subcommittee to approve \$8,543,200 for flood control projects in the Red River basin.

This would be \$3,015,000 more than President Kennedy budgeted for the year beginning July 1.

Spokesman was C.A. Fairbanks, Shreveport, La., president of the Red River Valley Association.

He said the association is asking that Congress exceed the budget recommendations in four instances and add one item not included in the budget.

Largest request of the group is for \$4 million for construction of Millwood Reservoir in southwestern Arkansas. For this \$2.5 million was budgeted.

"The Millwood Reservoir is one of the key flood control projects for the main stem of Red River," Fairbanks said, adding that the Army Engineers have said they could utilize \$4 1/2 million for construction during the year.

Fairbanks also urged approval of \$100,000 for the Red River comprehensive review study, as compared to \$35,000 in the budget; \$375,000 for the Red River pollution abatement study, compared to \$75,000 in the budget; \$1 million for bank stabilization work below Denison, Tex., compared with \$300,000 in the budget; and \$150,000 for recreational facilities at the Texarkana Reservoir project, for which there was no budget recommendation.

## Thinks Brazil Will Battle Communism

By MA HARRELSON

RIO DE JANEIRO, Brazil (APU) — Adlai E. Stevenson said today he feels President anio Quadros is fully conscious of the Communist menace to the Americas and that Brazil will stand side by side with the United States in opposing its spread.

The special representative of President Kennedy said this is the conclusion he reached after meeting Quadros Sunday and discussing common problems, including the Communist foothold in Cuba.

Stevenson spoke at a news conference before leaving for Asuncion, Paraguay, in his 18-day tour of South America.

He took occasion to blast dictatorship generally, right or left.

## Reprimand

Lippmann and Eric Sevareid. Walker denied the paper's charges and called the Overseas Weekly unscrupulous.

President Kennedy then ordered an inquiry.

The Army said that administrative admonitions are not intended as punishment or penalty, but are "corrective measures more analogous to instruction."

However, the Army said the significance of an admonition "in this particular case is greatly increased by public announcement that such action is being taken."

At the time Kennedy ordered the investigation in mid-April, Walker was relieved as commander of the 24th Division and

assigned to a staff post at Army headquarters in Heidelberg.

He had been scheduled, before the storm broke, to take command of the 8th Corps in Texas in August.

The Army said today this job will be taken by Maj. Gen. Thomas R. Yancey, now commanding general of the 2nd Infantry Brigade at Ft. Devens, Mass.

Yancey will leave for this post next month.

The full investigative report was not made public, but a summary said that Gen. Clarke concluded that Walker:

1. "In a speech before about 200 members and dependents of this division, made derogatory remarks of a serious nature about certain prominent Americans, the American press, and TV industry and certain commentators which linked the persons and institutions with communism and Communist influence."

2. "Failed to heed cautions by superior officers to refrain from participating in controversial activities which were contrary to long-standing customs of the military service and beyond the prerogatives of a senior military commander."

The Army declined to pinpoint these controversial activities.

In releasing the findings, the Army quoted Clarke as saying "no one can question Gen. Walker's sincerity of purpose, but his actions exceeded the limits of propriety for an officer of the Army."

Clarke spoke of Walker's past

## Tractor Team Leaves for Cuban Talks

By LEWIS GULICK

WASHINGTON (AP) — A four-man American team leaves for Havana tonight in hopes of closing a deal with Prime Minister Fidel Castro to swap 500 tractors for 1,200 Cuban invasion prisoners.

The U.S. technical team representing the Tractors-for-Freedom Committee ended Castro Sunday night that it would arrive in Havana at 8 a.m. Tuesday after an overnight stop in Miami.

The path to Havana seemed cleared of any official obstacles. Representatives of both the U.S. and Cuban governments said the team could get the necessary travel permits in Washington this morning.

But it remained to be seen whether Castro would agree to the terms the committee is offering. The pro-Communist Cuban has been talking publicly about deals the Americans say they will not accept.

A spokesman said the U.S. team of four non-government farm machinery experts hopes to complete arrangements in Havana in about a day, returning to the United States Wednesday.

In its cable to Castro, the group said it had power to negotiate only on details of the committee version of a swap and is in no position to discuss any other matters.

The Tractors-for-Freedom Committee is headed by Mrs. Franklin D. Roosevelt, labor leader Walter P. Reuther and Dr. Milton Eisenhower, brother of the former president.

military and combat record as commendable. Walker won a variety of decorations for service in World War II and Korea.

The Army said it considers the case closed and plans no further action.

It was understood that Kennedy reviewed and approved the Army actions and findings before their release.

During the investigation, Walker has been on duty as assistant to the deputy chief of staff for operations at European command headquarters in Heidelberg. He has not been available to newsmen.

There has been speculation he would retire if the Army findings went against him. With 30 years of service behind him, Walker is eligible to retire.

## Kennedy, Crutches to Washington

PALM BEACH, Fla. (AP)—President Kennedy, on crutches to ease his back, left for Washington today after four days of recuperation here.

Kennedy's big jet plane took off at 10:14 a.m. for the two-hour flight to Andrews Air Force Base near the capital.

From Andrews, Kennedy will fly by helicopter to the White House, arriving in time to play host at a luncheon honoring Premier Amintore Fanfani of Italy.

Kennedy was lifted aboard the presidential plane by a "cherry picker" crane which was mounted on the back of an Air Force truck.

Assistant press secretary Andrew Hatcher said officially that Kennedy was feeling fine after his brief Florida vacation. He said the decision to use the crane was made because it is safer and to ease the strain of walking up the plane steps on crutches.

Kennedy left his vacation spot at 8:52 a.m. to drive to the airport. He walked to the car on wooden crutches with red rubber arm pads. He had no trouble getting in and his face showed no particular strain although he appeared solemn.

The President has been using crutches since coming here Thurs-

day but before today had not appeared in public with them. Hatcher said he expected Kennedy to be on them for at least several more days.

## GE Fears Pressure From U. S.

NEW YORK (AP) — General Electric Co. said today the government has raised the possibility it might go to court to break up GE, world's largest electrical goods manufacturer.

The company said its representatives were told of the possibility last week by Asst. Atty. Gen. Lee Loevinger in discussions on a proposed consent decree to end a price-fixing conspiracy case.

The talk of a divestiture proceeding followed GE rejection of the government-drafted decree as too harsh and impossible of fulfillment, a spokesman said.

The spokesman made his disclosure in commenting on stories in the New York Times and Wall Street Journal on the possible government move.

The spokesman added that Loevinger did not make clear which properties the government might seek to split off from the parent firm.

The decree is an alternative to a civil suit in which the government would ask relief from the

collusive and monopolistic practices of which GE and 28 other electrical equipment manufacturers were convicted earlier this year.

The companies and 45 persons were fined nearly \$2 million for conspiring to fix prices, rig bids and allocate markets.

As now drafted, however, the consent decree would commit the companies to much more than putting an end to the conspiracy of which they were convicted earlier.

The companies would have to agree to refrain from selling "at unreasonably low prices" without knowing at what point the government or the court would consider their prices "unreasonably low."

Under the decree, any sales would constitute contempt of court "where the effect is, or where there is a reasonable probability that the effect will be, substantially to injure, suppress or stifle competition or tend to create a monopoly."

The Justice Department anti-trust division has been negotiating for acceptance of the decree with the leading manufacturers making power switchgear assemblies.

## Byers-Montgomery Vows Exchanged

Miss Nellie Byers, daughter of Mr. and Mrs. T. D. Byers of Hope, and Kenneth Montgomery, son of Mr. and Mrs. Horace Montgomery of McCaskill, were united in marriage Saturday evening, June 10 in the New Hope Baptist Church. Elder Merlin Cox was the officiating minister at the double-ring ceremony. Music was rendered by Miss Jennifer Smith, cousin of the bride, at the piano and John Allen Moss of McCaskill, vocal soloist. Miss Sandra Byers, cousin of the bride, lighted the candles.

The bride was given in marriage by her father. She wore a traditional white wedding gown. The full skirt was trimmed with scallops and a lace panel insert. It had a scoop neckline and long sleeves. Her veil fell from a tulle band, and a strand of pearls was the only jewelry worn by the bride. She carried a bouquet centered with a white orchid.

Vows were exchanged before an arch of white candles flanked by baskets of white gladiolus. Miss Cloyce Williams was the maid of honor, and bridesmaids were Misses Elizabeth Smith and Carolyn Byers, cousins of the bride. Their pastel dresses were made in similar fashion. Miss Williams wore orchid, Miss Smith blue, and Miss Byers pink. Each carried a nosegay of pink carnations.

Master Tommy Miller, cousin of the bride, was the ring bearer. For his best man the bridegroom chose his brother, Lavelle Montgomery of New Orleans, La. Groomsmen were Dean Byers, brother of the bride, and Gilbert Honeycutt of Houston, Tex., cousin of the bridegroom.

Following the ceremony a small reception was held in the home of the bride's parents. The punch and the tiered wedding were served by Mrs. Archie Smith, aunt of the bride, and Mrs. James O. Miller, the bride's cousin. Mrs. Gilbert Honeycutt of Houston, Tex., had charge of the bride's book. When the couple left for a wedding trip, the bride wore an orchid suit with lavender and black accessories. They will make their new home at 406 Michigan, South Houston, Tex.

## U. S. Export Has Been Riding High

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—American exporters have been riding high. But a slight dip in the most recent monthly report is reviving fears of declining opportunities in some of their best markets—notably in Western Europe. Specifically: Are we helping build up economies elsewhere that are becoming so self sufficient that these countries no longer need our goods?

The big industrial gains in Europe and in Japan—helped along by U.S. foreign aid—have offered a market for American producers of raw materials and machinery. The industrial boom there has been one reason that in the first four months of this year our commercial exports were running at an annual rate of \$20.3 billion, or 8 per cent higher than in the previous year. Now the Europeans and the Japanese are doing so well them-

## DOROTHY DIX

Mother and Daughter Both at Fault

By HELEN WORDEN ERSKINE

Dear Helen: I found a note my daughter wrote her boy friend. She's 18, he, 17. She spoke about being in his room and controlling herself, but for how long was a question. She said she loved him and couldn't keep her mind on anything else.

She must stop seeing this boy, of course. But I don't know what to do about the note. If I show it to her father, he'll kill her after reading that part about sex. I knew she went to this boy's home, but understood his sister was there too. His mother and father don't live together. I doubt my girl has really done wrong. She's sweet, quiet and pretty. The boy is more of a kid. He has a car and that's it. Can you help me? —Sue's Mother

Dear Sue's Mother: This could be a crucial moment in the relationship between you and your daughter. Her complete confidence is necessary if you are to help her. Opening her mail or surreptitiously prying into her personal correspondence is no way to win her confidence.

You have both some "fessing up" to do: She for letting you assume that all was as it should be at the boy's home; you for reading that which was intended for another. At 18 she is no longer a child. Have a heart-to-heart talk with her. Tell her you are sorry you read the letter, but make it clear that you expect an apology in return. Tell her that only by utter frankness on both sides can you help her.

Explain that adolescents are apt to mistake the biological urge for love. Speak as her guardian, and not as an avenging angel. I see no reason for showing the letter to her father. Hand it to her to destroy in your presence. By so doing you will regain her confidence. Had you that confidence in the first place she never would have gone as far as she did.

Dear Helen: What is a fair amount to pay my family for room and board? I am the young-

est, the other children have married. My dad averages \$15,000 annually. I make 65 a week and take care of my own expenses, including courses at a nearby college. I plan to marry next year and am saving for this. Though grateful to my parents for all they have done for me I feel their demands for money unreasonable. If I were spending money foolishly I could understand. Would you suggest a sum for room and board you feel would be reasonable to them and me? —M. S. A.

Dear M.S.A.: The Young Women's Christian Association, which caters to girls in your income bracket, charges from \$12 to \$14.50 for a room and breakfast and dinner six days a week. I am always sorry when the question of money arises between parents and children. It should be given lovingly when needed, but never demanded. From what I see the children who have been helped the most give the least.

Dear Helen: I love a boy who goes steady with my best friend. He and I were graduated from the same high school this month and attend the same church. Would it be right for me to come between them? If not, I shall enter a convent. I can never care for another boy in the same way. —Confused

Dear Confused: If you mean make a play for the boy, certainly not. He, not you, should take the aggressive. As for entering a convent because of unrequited love, even your church would be opposed. Quit moping and get on with living.

Twenty years ago, most serious illnesses required confinement in bed for at least six weeks... and the chances for recovery were considerably less than now. Besides loss of work and wages, there were usually hospital and medical expenses.

## Officer Dies After Fight With Three

WAUKESHA, Wis. (AP) — A

Waukesha detective and two of three men he was attempting to take to the police station Sunday night were slain in a gunfight that broke out in a moving automobile.

The body of officer George Schmidding was dumped from the speeding car half a block from the police station. A squad car took off in pursuit and curbed the vehicle after a four-mile chase.

Police Chief Moody Walters said that the body of Edward Parker, 29, was on the rear seat. James McFarland, 42, was in the front seat, wounded. He died a few hours later. The uninjured driver, Walters said, was James Carothers, 40. All are from Milwaukee, 20 miles east of Waukesha.

Det. Lt. Robert Goetzelman said Carothers told officers that Schmidding, 30, had ordered the three to drive to the police station for questioning and the shooting happened so fast "I don't know what happened."

Carothers said that on the way to the station, Parker suddenly drew a weapon and shouting, "This is it! You've had it!" began firing at the officer beside him. Schmidding drew his own pistol and killed Parker. Carothers said. Goetzelman said that McFarland, who was driving, apparently was hit in the exchange and stopped the car. They pushed out Schmidding's

## CD Has Claims of \$1.6 Million

CONWAY, Ark. (AP)—The state Civil Defense office here has received claims totaling \$1,650,091 from 34 counties for damage caused by floods and to refugees in May.

President Kennedy designated 50 counties as disaster areas and allocated \$800,000 in federal relief funds. The Civil Defense office will have to decide who will get how much of the money.

Boothe County filed for \$213,000 and its county seat, Harrison, asked for \$92,000. The Harrison business district was heavily damaged by a flash flood May 7.

body, Carothers slipped under the wheel and drove away. The survivor was quoted as saying,

Walters said that Parker and McFarland both had served terms in the state prison. He identified Carothers as a brother-in-law of McFarland.

## Kelso Takes Spotlight in Racing

By JOHN CHANDLER

Associated Press Sports Writer

Bowl of Flowers blew the \$87,375 Mother Goose Stakes, duplicating Carry Back's loss in the Belmont Stakes a week earlier, so the spotlight is smack on Kelso next Saturday in the \$50,000-added Whitney Stakes at Belmont Park.

Kelso is the 1960 "Horse of the Year" and those who watched him come from out of the clouds on Memorial Day to win the \$100,000 Metropolitan Handicap at Aqueduct by a last minute jet-job could never forget it. He beat the Cain Hay Stable's All Hands by a whisker at the wire. Kelso must pack 130 pounds in the Whitney, same as for the Met mile, his eighth straight victory.

Bowl of Flowers, 1960 champion 2-year-old filly from the Brookmeade Stable, was the 4-5 favorite in the Mother Goose Stakes, but Ogden Phipps' Fulmowing got home first in a stirring finish.

The Mother Goose was the second of the triple crown for fillies. B.O.F. won the opener, the \$50,000 Acorn Stakes May 20. The third in the series for fillies is the \$100,000 Coaching Club American Oaks at Belmont June 24.

Fulmowing (\$9,900) had won the Black-Eyed Susan Stakes at Pimlico May 19, skipping a chance and she stood off Bowl of Flowers in the Acorn. Bobby Ussery sent Fulmowing to the front at once and she stood off Bowl of Flowers' late charge to win by a head. She earned \$56,793. It was the fifth straight score for Fulmowing and the first loss for Bowl of Flowers after six consecutive victories.

It was a big afternoon for Sunny Jim Fitzsimmons, 86-year-old dean of American trainers. He sent Broadway, another filly owned by Phipps, to Delaware Park, and this 2-year-old half sister to Fulmowing romped off with the \$24,150 Polly Drummond Stakes.

Broadway, unbeaten in three starts, won the Polly Drummond by a length and three quarters from C. T. Chenery's Cicada, and paid \$8.

There was another major upset on the West Coast, where the Alberta Ranches' Four-and-Twenty finished seventh and last in the \$32,700 Argonaut Stakes at Hollywood Park. Four-and-Twenty, who won the \$100,000 Santa Anita Derby but ran out of the money in the Kentucky Derby, was the heavy favorite in the race won by an outsider, Vorne H. Winchell, Jr.'s Mr. America.

Jack Hogan's Oink (\$7,400) won the \$27,000 Citation Handicap at Washington Park by a length over Mrs. V. E. Smith's Bass Clef. Jockey Johnny Sellers, who won the Kentucky Derby and Preakness with Carry Back, rode Oink and wound up the afternoon with five winners.

in that one home runs by Mike Brumley and Jim Williams made the difference.

Chattanooga maintained its three-game league lead by blanking Mobile 2-0 behind Jake Striker while second-place Birmingham was downing the Little Rock Travelers, 6-3.

Dick Egan, Birmingham's new left-hander, put down a Little Rock upriser in the eighth inning after reliever Jerry Lock had poured new fuel on the fire by issuing a walk and yielding a two-run double to Dave Nicholson in a futile effort to rescue Baron starter Al Koch.

Thanks to Egan's save, Koch posted his sixth victory in 10 decisions. Norm Manning drove in three runs for Birmingham with a double and a single.

## Essegian Stars as Indians Get Doubleheader

By JOE REICHLER

Associated Press Sports Writer

Reserve outfielder Chuck Essegian drove in five runs with a pair of homers in the first game and doubled home the winning run in the ninth inning of the second game as the Cleveland Indians swept a Sunday doubleheader from Kansas City, 7-3, and 4-3.

The double victory basted the Indians' first place lead over Detroit to a game and a half as the Tigers were held to a split by the Washington Senators. The Tigers had to go 11 innings to win the second game 7-6 after losing the opener 7-3.

The New York Yankees climbed to within a half game of the Tigers by sweeping a pair from Los Angeles, 2-1 and 5-1. Boston defeated Minnesota 8-2 in the first game but the Twins won the second 10-5. Baltimore beat Chicago 8-2 in their first game, with the White Sox winning the second 7-1.

Cincinnati took over the National League lead by four percentage points over Los Angeles with a 6-2 and 9-13 sweep of their twin bill with St. Louis. The Dodgers downed Philadelphia 6-3. Pittsburgh defeated San Francisco 8-4 and Milwaukee was held to a split by Chicago. The Cubs took the second game 5-3 after the Braves had won the opener 8-4.

Both Cleveland decisions were gained by relief pitchers. Dick Stigman, making his first appearance after being carried on the disabled list, pitched one-hit ball in four innings of relief, to register the first-game victory. Barry Luman, who surrendered the tying run in the eighth, pitched 1-3 innings of relief in the nightcap to gain his sixth victory.

Second baseman Danny O'Connor helped Washington right-hander Joe McClain gain his sixth victory, driving in three runs with a single and two doubles in the opener. Steve Boros drove in Detroit's winning run in the second game with a bases-loaded single in the 11th. The Tigers smashed seven home runs in the twin bill. Norm Cash hit his 15th and 16th in the first game and added his 17th in the nightcap.

Home runs were responsible for the Yankee victories. Yogi Berra smashed two in the first game.

Carl McMurtrey, the winner, started in the 6th and gave up no hits. Gus Robey hurled the first five for Hope and yielded only four hits.

for both Yankee runs. Roger Maris hit his 19th and 20th in the nightcap and Mickey Mantle hit his 18th. Right-handers Ralph Terry (4-0) and Roland Sheldon (3-2) were the winning pitchers. Chuck Estrada of Baltimore stifled the White Sox with three hits in the opener, one until two out in the ninth. Ronnie Hansen drove in three Orioles runs with three singles. Billy Pierce hurled a six-hitter and first baseman Roy Sievers got four hits and three RBIs in the White Sox second game victory.

Rookie Don Schwall pitched his fifth Red Sox victory without a defeat although he had to leave in the seventh inning of the first game because of a muscle spasm in his back. Two home runs by Don Buddin and one by Jackie Jensen accounted for all Boston's runs. Harmon Killebrew and Bob Allison homered and drove in three runs apiece as the Twins won only their third game in the last 20.

## Redlegs Sweep Back Into 1st in National

By JOE REICHLER

Associated Press Sports Writer

Cincinnati swept into first place Sunday in the National League, sweeping a doubleheader from St. Louis 6-2 and 9-3. The twin triumphs put the Reds four percentage points over Los Angeles.

The Dodgers gave up ground grudgingly, defeating Philadelphia 6-3 in their single game. It was the Dodgers' sixth straight triumph over the Phillies.

Pittsburgh downed the third-place San Francisco Giants 8-4 and Milwaukee was held to a split in its doubleheader with Chicago. The Braves won the opener 8-4 but lost the second 5-3.

Cleveland increased its first-place lead in the American League to a game and a half over Detroit by defeating Kansas City twice, 7-3 and 4-3 while the Tigers were being held to a split by Washington. The Tigers had to wait 11 innings to win the nightcap 7-6 after the Senators had won the opener 7-4.

New York's Yankees inched to within half a game of Detroit, knocking off Los Angeles 2-1 and 5-1 in a doubleheader at Yankee Stadium.

The Dodgers Sandy Koufax pitched his sixth consecutive victory, all games complete, with a five-hitter against the Phillies. Wally Moon helped him with a home run, his 14th, and a run-scoring single. Lee Walls drove in all Philadelphia runs with a three-run homer.

A four-run second inning, at the expense of Billy Loes, and three home runs—by Smokey Burgess, Bob Skinner and Rocky Nelson — against Jim Duffalo in the third, was more than enough for Vern Law to pick up his third Pittsburgh triumph. Law was relieved by Bob Friend after he had been clipped for a home run by the Giants' Matly Alou.

Richie Ashburn's two-run triple for Chicago was wasted in the opener but in the second game, he hit a two-run single that gave the Cubs their split with the Braves. Warren Spahn, pitching two scoreless innings in relief, was credited with his seventh victory of the season and the 25th of his career in the opener.

Catcher Joe Torre drove in the winning run in the ninth but Spahn made sure by adding a three-run homer.
